### → Paralympic marathon

The marathon events will be held on the streets of Paris with the start at Parc de la Courneuve and the finish at Invalides.

## **RULES**

The Para athletics competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

→ **World Para Athletics Rules and Regulations:**

<https://www.paralympic.org/athletics/rules>.

→ **IPC Handbook** <https://www.paralympic.org/ipc-handbook>.

In accordance with the “Paralympic Games” chapter of the IPC Handbook, WPA will be responsible for the technical control and direction of the Para athletics competition at the Paris 2024 Paralympic Games.

### **→ Draw**

The draw for all events will be done by computer at the Stade de France, as specified by WPA Rules and Regulations. The results of the draw for the first round of all events will be published 24 hours prior to the start of competition. Draws for events, including subsequent rounds, will be conducted continuously as required.

The draw process will be managed by WPA and operated by the Paris 2024 Results Management System.

Final Confirmation forms will be distributed upon arrival of teams and must be submitted no later than the end of the Technical Meeting.

The draws for semi-finals and finals will be carried out after each round of an event in the same manner as the draw for the first round.

### **→ Clothing and equipment**

Clothing and equipment used by athletes and other participants in the Para athletics competition must comply with the following documents:

→ **IPC Practical Guidelines**

available on the website <https://www.paralympic.org/paris-2024/guides-and-policies>.

## COMPETITION VENUES

**Except for the Paralympic marathon events which will be held on the streets of Seine–Saint-Denis and Paris, the Para athletics competition will be held at the Stade de France, which will have a gross capacity of around 60,000 during Paris 2024.**

### → Stade de France (STA)

#### **Stade de France - 93200 Saint-Denis - France**

Built for the Football World Cup in 1998, the Stade de France is situated in the municipality of Saint-Denis, on the edge of Paris. With more than 80,000 covered seats, depending on the set-up, the largest French stadium has hosted the biggest sporting events, including football, rugby and athletics, as well as major shows, since its inauguration.

In addition to the Para athletics events, the Stade de France will also host the athletics and rugby sevens events during the Olympic Games and the Olympic and Paralympic Games closing ceremonies.

### → Field of play

**The field of play at the Stade de France will contain the following:**

- one (1) 400m oval track and nine (9)-lane straight track
- one (1) high jump landing area
- three (3) long jump pits
- one (1) discus throw/club throw circle
- one (1) javelin throw runway
- three (3) shot put circles

Seated throws will all be from the concrete circles. These will be located in accordance with the needs of the timetable.

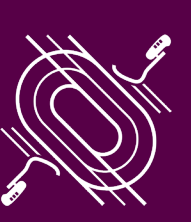

The field of play and all the equipment will be presented in accordance with World Para Athletics competition rules.

### → Facilities

The Warm-up area will contain a six-lane 400m track (eight lanes in the 100m straight), two Long Jump pits, a Javelin Throw runway, a Discus/Club Throw circle (with a shared landing area), and two Shot Put circles. In addition, seated throws areas will be available. No High Jump landing area will be available on this site. For this discipline, athletes will warm up directly on the FOP on the day of their event.

**The competition venue will also have the following services and equipment:**

- lounge for athletes and officials
- Internet access
- physiotherapy, ice bath and other services for athletes
- secure space for equipment storage
- mixed zone for accredited media to interview athletes after their competition
- technical information centre
- medical facilities
- doping control station

### → La Courneuve (LCS)

#### **Parc départemental Georges-Valbon**

Artificially created and shaped, the Parc départemental Georges-Valbon is characterised by a diverse array of natural environments: expansive wooded areas for walking, lawns, wild meadows, flower gardens, vegetable gardens, lakes lined by reed beds, ponds, streams, and waterfalls. The park is ideal for walkers thanks to its hilly terrain comprised of viewpoints, hills, and hollows. The park's ecological management aims to conserve the wild vegetation in some areas, filled with exceptional ecological diversity in the midst of the urban environment.

#### **The venue will be the start line for the Paralympic marathon and will provide the following services for athletes:**

- area for teams and officials
- warm-up area
- technical information centre
- medical zone
- Ottobock wheelchair repair station

Athletes will cross the most stunning sites in the Seine–Saint-Denis department over 26 kilometres: the Basilica of Saint-Denis, the Stade de France and the Canal Saint-Denis and lastly Pulse, the headquarters of Paris 2024, before arriving in Paris itself.

### → Invalides (INV)

#### **Esplanade des Invalides - 75007 Paris - France**

The Esplanade des Invalides is a vast green space in Paris' 7th arrondissement, opposite the magnificent Hôtel des Invalides. The elegant Pont Alexandre III

bridge links it to the Grand Palais on the right bank of the Seine. Its spectacular gardens surround the Hôtel des Invalides, built during the reign of Louis XIV in 1687 as a military hospital and retirement home for war veterans and now home to the French military history museums and monuments, as well as the tomb of Napoleon Bonaparte.

At the heart of Paris, alongside the Grand Palais, the Eiffel Tower Stadium and Champ-de-Mars Arena, the Invalides venue will be abuzz with the world's most prestigious sporting event and will provide a unique stage for the Olympic and Paralympic competitions over the summer of 2024.

The venue will be the finish stage for the Paralympic marathons, which will start from La Courneuve and pass some of Paris's most stunning sites and monuments. A legendary 42.195km race, against the backdrop of the Pyramid of the Louvre, the Grand Palais, the Château de Versailles, and the Eiffel Tower, among others.

At the end of this original route, with a 185m climb and 197m descent, the following services will be available to athletes:

- mixed zone
- post-competition area with retrieval of personal items left in the call room.
- team area and lounge for athletes and officials
- technical information centre
- anti-doping area
- medical zone
