COMPETITION FORMAT

The individual events will take place according to World Para Swimming (WPS) rules with heats for the events in which more than eight (8) swimmers participate. The eight (8) fastest swimmers in the heats will qualify for the final.

If eight (8) or fewer swimmers enter for an event, then provided the event is considered viable, a straight final will be held without the need for heats which will be held in the final session.

In the event of a tie for the eighth qualification place for a final, these swimmers will participate in a swim-off (or another method, according to the rules and as agreed on with World Para Swimming Technical Delegate). The winner of the swim-off will qualify for the final.

N.B.: a swim-off may also be necessary in the event of a tie for ninth and/or tenth place to determine which swimmer will be designated as the first and/or second reserve for the final if a swimmer that has already qualified for the final withdraws.

The swimmers coming first (gold), second (silver) and third (bronze) in the final will receive the medals indicated.

Relay events will take place with heats for the events in which more than eight (8) teams participate. The eight (8) fastest teams in the heats will qualify for the final. The teams may change the members of their team and the order of their swimmers between heats and finals, provided all rules for eligibility are met. If eight (8) or fewer teams enter for an event, and provided that the event is considered viable, they will swim in a direct final without the need for heats in the final session.

In the event of a tie for the eighth and final place after the heats, these teams will participate in a swim-off to determine who will advance to the final (or another method, according to the rules and as agreed on with International Federation Delegate). The winner of the swim-off will qualify for the final.

N.B.: a swim-off may also take place in the event of a tie for ninth and/or tenth place to determine which relay team will be designated as first and/or second reserve for the final if a team that has already qualified for the final withdraws.

The teams coming first (gold), second (silver) and third (bronze) in the final will be awarded the medals indicated.

Swimmers who have taken part in the heats (but not the final) in the medal-winning teams will be awarded a medal, but not at the victory ceremony.

→ Seeding of heats

All start lists are seeded according to World Para Swimming rules and based on the swimmers in the final entry list.

RULES

The Para swimming competition will be held in accordance with the editions of the following documents that are in force at the time of the Games:

- **World Para Swimming Rules and Regulations** <https://www.paralympic.org/swimming/rules>

→ Medals or Awards

Gold, silver and bronze medals will be awarded to the top three (3) finalists for the individual and relay events, based on their time in the final. When the preliminary rounds are swum for Para swimming relays, medals are awarded to the swimmers of the medal-winning teams who participated in the heats and/or final. If required, the minus one rule will be implemented as per World Para Swimming Rules and Regulations 10.15.2

In case of a time tie in the Para swimming competition, medals are awarded as follows:

- 1st place: 2 gold – no silver, 1 bronze
- 2nd place: 1 gold, 2 silver – no bronze
- 3rd place: 1 gold, 1 silver, 2 bronze
